Re: Authorize Special Meeting of the Board of Adjustments

Vice Mayor Banther has requested that this item be placed on the agenda for the Board of Commissioners consideration in reference to the Board of Adjustments.

The Vice Mayor requests that the Board of Commissioners vote to allow the Board of Adjustments to conduct one special meeting at which they will compile a list of suggested changes to the operation of the BOA. These suggestions would be reviewed by staff and a staff report will be prepared with any responses to the suggestions of the BOA. These documents would then be sent to the City Commission for their individual review. Any Commissioner could then request that any of these items be placed on a future Board of Commissioners' meeting agenda for any further discussion or changes that they feel may be warranted. If there are none, the no further action will be taken.

The Board of Commissioners must approve any special meeting such as this because it falls outside of the authority of the Board of Adjustments.
