Pete,

Quick question for you. Is there another Corps permit in process or required for this project? We're getting a lot of calls and we want to be as prepared as we can to address them. Please let me know at your earliest convenience.

Thanks again,

Bob Robertson, P.E.

Hi,

No there is no other process that we are completing on our end. I am getting a lot of emails and calls asking about not issuing the permit so the public doesn't understand that the permit was issued already back in June. I went onsite today to complete a review of the onsite actions and to see things to make sure we are responding to public inquiries.

Thanks,

Pete
